

Welcome to Enrolment

Here is an overview of the enrolment process – you will be guided through the process and there will always be a member of staff or a student ambassador available to help if you have any questions!

When you Arrive

You will be met by a member of staff who will get your student file and collect in the enrolment form that you have completed at home.

Checking your Qualifications

You will hand in your results slips and these will be checked and entered onto the computer. These are used later during counselling.

Getting you set for a Flying Start

You will be given a short piece of work for each of your chosen courses. This needs to be completed for your first lesson and helps you get off to the best start in your lessons.

Logging-in

You will be guided through logging in to the computer network to ensure you are able to use the network and resources on day one of your studies.

Agreeing your Study Programme

You will sit down with a member of the Counselling Team who will discuss your chosen courses and check that you meet the entry criteria. Any changes to your chosen study programme will be discussed and agreed at this stage.

Smile for your College ID, and Exams

You will have your photo taken for your College ID badge (remember to bring in your lanyard!) and our Exams Team will check that they have everything they need from you to register you for your new subjects.

College Fund

You will be asked for your £5 College Fund contribution which covers your Student ID and lanyard costs.

Travelling by bus? Want to play sports? Are you eligible for bursary support whilst you are with us?

At the final stage members of staff will be able to help you with any travel queries, give out sports trial forms and collect application forms for the bursary scheme.

Congratulations on enrolling at Wirral's Sixth Form College & see you on Monday 1st September!
